Cameron Underdogs In Friday Game Here

Serious business is on around the Yoemen barracks this week and Coach Jackson was not only concerned about the weather but realizing his team is to face their first real test of the season here Friday night against Taylor was leaving nothing undone to assure them an even break for the results of the game.

The game will spotlight District Play because Cameron, Taylor and Killeen are tied for the district honors, each having played a conference game. On the face of things the Yoemen seem to have an even chance against Taylor and Killeen but they will go into the game here Friday night against the Ducks the underdogs.

Interest from fandom was running high and it was expected that the attendance would be the largest of the season. Taylor usually sends a large delegation with their team, including their more than 60 piece band.

Sports writers give Taylor the edge. The record thus far in the season gives Cameron an enviable position but in reality the Yoemen have had easy competition, knocking off comparatively weak teams, but in spite of this have shown a lot of power and versatility. The Yoemen have not been scored on and have piled up the largest number of points of any team in the district. Taylor has played a number of much stronger teams than has Cameron. In the old days Cameron rarely failed to beat Taylor but since Coach Johnson has been coach of the Ducks he has built a system which has paid off and with the exception of 1944, when his team was badly beaten by the Killeen Kangaroos, the best Class A team in Texas, the Ducks have not lost a game in years and were 4 times District and Regional Champs.

The Killeen team has come along in fair shape with a tie and a loss but were able to knock off Belton in a more impressive way than did Taylor.

The game here Friday night will definitely determine the conference championship say competent critics. The Yoemen have reached their test period in the title race. They must meet Taylor, Killeen and Belton in a row.

The Taylor team, ruled the favorite, though Coach Jackson is conceding nothing to anyone, will average about 14 pounds to the man heavier than the Cameron team. That is a great advantage. The Taylor line will average 168 pounds and Cameron will average 153. In the backfield again the Ducks have it, weighing 155 pounds to the man and Cameron 141 average.

Jimmy O'Neill, center and letter man, was injured in the Granger game. He has not recovered and may not be able to play the full game tomorrow night. That defintely throws out Yoemen chances to put in a regular line. Jimmy is a letter man. Cameron has been able to start only two lettermen this year with 3 in reserve. Taylor has 8 letter men in the starting lineup.

The Yoemen are a fighting team. They will give the fans a show for their money and a check up reveals they are rearing for a crack at the Ducks.

Clear weather has made playing conditions ideal. Coach Jackson hopes to get the maximum advantage for those fleet backs who up to now have simply refused to be fenced in.

Advice reaching The Herald Thursday was: "Go early," if you expect to get a seat. The game starts at 8 sharp.

AIR PARK HERE NEEDS CERTAIN IMPROVEMENTS

To meet federal requirements Cameron's Air Park will have to be improved and stated construction was outlined here Tuesday by W. M. Turner of the Civil Aeronautics Administration.

Mr. Turner landed by plane at the Field and made an inspection. To meet him was a committee from the Chamber of Commerce, including P. W. Davis, J. R. Hays and A. W. McCullin. At noon Mr. Turner was speaker at the Lions Club.

After inspecting the field Mr. Turner said it was fortunate the city was able to secure this sight because it is close in. Certain expansions will have to be made on the run ways and there will have to be a hanger, a caretaker and a fuel supply. Eventually the runways will have to be paved.

Cameron will appear on the air maps. The local field meets every requirement for feeder line traffic.

Plans are being talked for construction at the field. Revenues accrue to the city as a result of its use. In some places contracts are being let by cities for the operation of fields. The city council Tuesday night rejected a contract tendered for management of the field.

R. G. Grabein Sees The 1946 Chevrolet

R. G. Grabein, local Chevrolet dealer, was in Houston Tuesday to attend a showing of the new 1946 Chevrolet.

Mr. Grabein said the new car is quite the best Chevrolet ever built and met the unanimous approval of all dealers, some 600 of them attending the showing.

When the new cars will be in production is still a matter for the factories to determine but indications are the new car will be seen here in the near future. Right now Mr. Grabein is rennovating his show rooms in preparation for the advent of the new Chevrolet.

The new car has many refinements and improvements. It is awaited here with great interest.

Petty Officer Yewell has served his Country in the Navy for the past six years. After he is discharged the couple will make their home in Mission.

MILAM COUNTY WILL RECEIVE ETCC AWARD

Citation for excellence in County Government will be awarded to the Commissioners' Court of Milam County on October 18 at Nacogdoches by the Government Institute of the East Texas Chamber of Commerce.

These awards are made to many counties in Texas and are generally given for keeping taxes down. The East Texas Chamber of Commerce has a tax department but has no department to encourage isolated Texas counties to build and to spend within their tax resources. ?

Stephen F. Austin State College at Huntsville shares with the East Texas Chamber of Commerce in the tax institute.

The award to Milam county is one which has been given before. The Court has an excellent record in keeping down the tax rate and in savings in administration of the government, plus the retirement of bonded debts.

Conn R. Isaacs, County Auditor, shares in the significance of the award for excellence in administration for 1944.

Members of the Court and Mr. Isaacs will attend the noon luncheon on October 18, when the award will be made. The court members are: Jeff T. Kemp, county judge; W. E. Kuzel, Commissioner Precinct 1; Grady Stidham, Commissioner Precinct 2; E. L. McGuire, Commissioner Precinct 3; E. G. Stiles, Commissioner Precinct 4.

Cub Scouts Again Resume Octivities

Cub Ccouts of Den 3, under the leadership of Mrs. George Childress as Den Mother have resumed their activities for a new year of Cub work.

The Den Chief for the new year will be Bill Hanes and Gus McLain. George Childress has been elected Denner, and Allen Schiller Assistant Denner. Dick Jenness was appointed as keeper of the Buckskin. Clifton Jenness was chosen as Ded Dad.

Last week the boys enjoyed a weiner roast at the Stewart Ranch. This week Mrs. Frank Schiller entertains the boys with a hike, contests and relay games, followed by a fried chicken picnic.

Mrs. Joe O'Neill is visiting her mother in Burlington.

Heads Centennial

OXSHEER SMITH

OXSHEER SMITH NAMED CENTENNIAL CHAIRMAN

Oxsheer Smith, President of Citizens National Bank and widely known financier and Treasury director of War Loans in this district, has been named General Chairman of a Committee to arrange for observance of Cameron's Centennial in 1946.

The committee was announced by A. W. McCullin, President of the Chamber of Commerce early Wednesday.

Mr. McCullin was especially pleased to have Mr. Smith accept the general chairmanship of the Centennial Committee.

In setting up the committee Mr. McCullin named one from each of the Civic organizations and the government. The committee is as follows: Chamber of Commerce, the President who will be serving in 1946; B. F. Reichert, E. C. Cole, J. B. White, J. R. Hays, L. Van Perkins, R. L. Batte, Jeff T. Kemp, Mrs. Graham Gillis, Mrs. John B. Henderson, and E. A. Perrin.

City of Cameron Chas. C. Smith, Mayor and Dan Tyson, City Secretary and Treusurer.

Milam County Bar Association, M. G. Cox; Cameron Ministerial Association, the President; Eastern Star, Mrs. Bill Storey; St. Rita's Circle, Mrs. R. A. Michalka; Delphian Club, Mrs. J. C. Freeman; Business & Professional Women's Club, Miss Mary Randolph; Odd Fellows Lodge, Don Slocomb; Lions Club, J. C. Martin; Rotary Club, J. M. Boehner; Volunteer Firemen, John C. Andres; Knights of Columbus, Rudolph Richter; Knights of Pythias, J. M. McLean; American Legion, George Childress; Veterans of Foreign Wars, H. B. McClellan; Masonic Lodge, Chas. M. Hicks; History Club, Mrs. Jeff T. Kemp; School Board, Mrs. W. O. Triggs; Community Chest, Albert Collins; K. T. S. Lodge, J. T. Parma; Planning Board, H. M. Hefley; Milam County Medical Association, Dr. T. Leland Denson.

HOME COMING FOR YOE HIGH GRADUATES

The Senior class of 1946 has the privilege of sponsoring the first "Homecoming" which is to be held November 2, 1945, for all exgraduates of Cameron Public High School.

Invitations are being sent to various members of each class and they in turn are to notify fellow members of their class. We extend this invitation to each and every graduate of our school. The program for the day will be as follows:

4:30 p. m. Band Concert; 5:00, Organization; 5:30, Reception; Homemaking Department; 7:45, Recognition of Classes; 8:00 Football Game, Hearne vs. Yoemen.

At 10:00 p. m. Dance and get-togeher. From 6:00 to 7:45 p. m. the time has been left open for each class to use as they desire.

We heartily welcome each and every ex-graduate. We're hoping that you will turn out for the occasion and make this a real "Homecoming."

Julius P. Johnson, son of L. J. Johnson has been honorably discharged under the Navy's point release system. He held the rating of Cook third class, USNR. Johnson entered the Navy in February 1942, and served 33 months in both the Atlantic and Pacific theatres.

Phone us the news item you have.

CITY STOPS DISCOUNT ON OCT. TAX PAYMENTS

There will be no discount on taxes paid in the city during October for the practice which was instituted in 1932 has been discontinued with the result that the city will have much needed revenue.

Since the city has discontinued giving 5 per cent discount, it is of interest to note from the Planning Board Report what this policy has cost the city in revenue in the past 13 years. As its first meeting in 1944, the Planning Board listed tax discounts as one of its recommended reforms and the record shows that the city has given away $34,132.13 in discounts. We quote from the report of the Planning Board:

"At our first meeting in 1944, we determined that in so far as possible we would keep our recommendations for expenditures for improvements of permanent nature within the present revenues of the city, and to do this it was necessary to examine every detail of the city's fiscal affairs and one of the first items which came to our attention was the 5 per cent discount allowed on taxes paid. We were unanimous in our decision to request the city to discontinue this practice. Since the current 1944 rolls have been prepared we are informed by Mayor Smith that the city will no longer give this discount and we know that much needed revenue can be turned back into the city treasury. We wish briefly to summarize the 13 year record of discounts on taxes. The discount was first instituted in 1932. At that time Mayor Smith felt obliged to take advantage of the discount to encourage early payment of taxes to avoid the necessity of asking for loans. In the first year the discount was 10 per cent. This cost the city in that year $3,904.50. In the following year, 1933, the cost was $2,318.00. The amounts remained approximately the same until 1942 when the cost was $2,805.06. In 1944 it was $3,286.73. In 13 years the city has lost $34,132.13 in revenue by giving discounts on taxes when paid in October. Substantially half this amount had been paid out to 10 tax payers. Based upon the current 1945 tax roll of $3,700,000.00 the discount would, if allowed, amount to $3,162.50. It is important to bear this and similar recommendations in mind to better appreciate what the Planning Borad has in mind, because, based upon such items we are to show how the city can finance public improvements in present revenues. Discounts on taxes are undesirable and take too much of the revenue of the city. The State of Texas by law permits discounts. There is little doubt this statute was conceived by economic experts of the larger corporations who visualized, over a period of years, greater profits, but at the same time it has cost the State many millions."

T. S. DONALDSON DIED FRIDAY OCTOBER 12TH

T. S. Donaldson, 85, died at his home near Ad Hall at 7 p. m. Friday, October 12, 1945.

Funeral services for the pioneer were held by Rev. C. W. Sanders, pastor of First Baptist Church, at the Green Funeral Home in Cameron at 3 p. m. Saturday, October 13, 1945. Interment was made in the family cemetery near the home at Ad Hall.

Mr. Donaldson was born in 1860, in the state of Georgia. He came to Milam county when a young man. He was the son of James and Carrie Donaldson, pioneers in Georgia. In 1893 he was married to Miss Sally Hall, daughter of Ad Hall, pioneer for whom the Ad Hall community was named. In the early days Mr. Donaldson was a traveling salesman, making his itinerary by horse and buggy. In 1943 Mr. and Mrs. Donaldson celebrated their 50th Wedding Anniversary.

Surviving are his widow Sally Hall Donaldson.

Pall bearers were Homer Allen, Roy Hensley, J. O. Hughes, Bob Bailey, C. R. Law, and Starrett Hickman.

Mrs. Mary Frances Haase of Kingsbury, has received word that her husband, Sgt. H. H. Haase has arrived in California after spending several months in the Pacific Theatre of operations. Mrs. Haase is the former Mary Frances White.

25 POINT PROGRAM IS PLAN BOARD REPORT

A 25 point program as the basis for minimum needs in Cameron, was submited to the City Government by the Planning Board on last Tuesday night.

The report also shows how the money is to be obtained, that no increase in taxes will be necessary. Here in brief form are the proposals:

1. Sanitation, extension of sewer system.
2. Street paving.
3. A Municipal Lighting System.
4. A Municipal Building.
5. A Memorial Auditorium, Library and Meuseum Building.
6. A Farmers Market.
7. School Expansion Program.
8. Adoption of a Home Rule Charter.
9. A Certified System of Property Values for Tax Purposes.
10. Extension of the City's Limits.
11. Underground Construction of Utility Distribution Lines.
12. City Cemetery Expansion and Improvements.
13. Engineering Survey for new City Maps, municipally owned and controlled, to more clearly define streets and alleys, to open up dead end streets, to establish property lines and to stop building in streets and alleys; and to mark streets by their proper names and to number residence and business buildings.
14. Require extension of adaquate water mains and service to all sections of the city, install fire plugs for protection, and to require these extensions in relation to plans and specifications for the projected Sewer System extensions.
15. A Zoning Law to enforce better construction and to protect better types of property improvements; to extend fire limits and rigid enforcement against hazardous types of structures, roofs, repairs and additions thereto; to prevent encroachment upon white sections of the city by enforcing seggregation and thus avoid the racial complications which would inevitably ensue.
16. Park improvements to increase recreational facilities and to plan for acquiring additional park space as the city expands
17. Expansion of Rodeo grounds in Wilson-Ledbetter Park; provid for exhibit buildings for livestock poulty and agricultural shows; thes to be accomplished by financia means of the city and the co-operation of the Chamber of Commerce and such organizations as may be called upon to bring these advantages to our city.
18. A better traffic system, control of parking as a relief from congestion in the mercantile area; prevent use of the streets for the sale of automobiles and trucks, thereby opening up more parking space for those who of necessity must come to our city to trade and to transact business. More space and new areas must be found to accomodate parking needs.
19. A system of Traffic Signal Lights, at Higway Intersections and Street intersections, especially at hazardous intersections.
20. Highway Construction and Maintenance through City.
21. Elimination of Street Intersection Hazards.
22. Modern, sanitary Abbatoir, for handling the meat supply.
23. Discontinue Discounts on the Payment of Taxes.
24. Audit Purchasing.
25. Exempting Small Industries from Taxes to encourage location here.

JAPS IN DEMONSTRATION DEMAND EMPEROR QUIT

Hungry Japanese in demonstrations before the Tokyo headquarters of General Douglas MacArthur, demanded the overthrow of Hirohito and asked for bread.

The Japs, believed to be communists members are passing out leaflets advocating that Japanese higher-up commit suicide.

General Douglas MacArthur in a speech to the American people Monday night said the Japanese are now disarmed and are no longer a threat to the world.

MARAK PICNIC SUCCESS AND THANKS ARE GIVEN

The annual Parish Picnic at Marak, held Sunday, October 14, was a grand success and Father Holub has written the Herald to express his thanks and the thanks of the people of his Parish for the generous cooperation of everyone.

Members of the Parish who served on the committees and did the work deserve every praise. The picnic was a financial success netting $2700 and this money will be used to repair the church and school.

In a general letter of thanks, Father Holub, is reminded to mention a number. The Matyastik & Sons Gin gave 900 pounds of seed cotton, ginned three bales free and bought one of the bales at auction. Other than Parishioners who bought were First National Bank, Fred Lazek, Sr., 2 bales, and F. Zarosky, Sr.

Donors other than parishioners who gave for the auction and otherwise were Matula's Cash Grocery, Cameron Auto Supply, Fuchs Hatchery, Exchange Furniture Co., Wm. P. Carey Lumber Co., Marek-Burns Funeral Home, W. E. Kuzel, Yarrellton Gin Company, ginned one bale free.

Members of the Parish gave all the meat, cotton, articles for the Bingo games, and most of all a lot of hard work so that the profit was clear $2700.

R. W. Kostroun and J. Janicek each gave a bale of cotton. Beef and pork were donated by Frank Zarosky, Miss Antonio Marak, J. Janicek, R. W. Kostroun, Jos. Slavik and B. Slavik.

"All donations given by our Cameron business friends were not solicited and therefore even more appreciated," said Father Holub.

5 Years In City

REV. C. W. SANDERS

Rev. C. W. Sanders, pastor First Baptist Church, is rounding out five years with the church, Sunday was the anniversary day for pastor and congregation. The current issue of The Messenger, church publication, features tributes from Grady Cooper, Superintendent of Sunday School and Max Howard, Chairman of the Board of Deacons. Both are high in their praise of the pastor and his work during the past 5 years. Other church leaders also have given praise.

E BOND QUOTA $210,000 IN VICTORY WAR LOAN

Milam County's E Bond Quota in the Victory War Loan is $210,000 it was announced Monday by Dan Tyson, War Finance Chairman.

Mr. Tyson also disclosed that the overall quota for the county is $985,000.

Mr. Tyson will serve for his third consecutive war loan during the coming drive. The Victory loan will be the last. Mr. Tyson has a splendid organization and during the 6th and 7th War Loan the county greatly exceeded its quotas.

Instructions will soon be communicated to workers. It is planned to hold a meeting soon in Cameron.

The quotas have been reduced, both in E bonds and in other securities.

Mr. and Mrs. Leo Wilkerson and family from Austin visited relatives and friends in Cameron Sunday. Mr. Wilkerson who has been ill is improving nicely. Their daughters, Leola Wilkerson and Mrs. Orville Rice, and baby daughter were with them. Mrs. Rice and baby will visit with them in Austin for several days before joining Mr. Rice who is employed in Denver, Colorado.

ADMIRAL NIMITZ ON WAY TO TEXAS HOME

Admiral Chester W. Nimitz, speaking in the Hall of State in Dallas at noon Friday said: "It is good to be back in Texas."

Admiral Nimitz who directed the great fleet in the Pacific which wiped out the Japanese navy and ended with the Battleship Missouri in Tokyo Bay on which Japan surrendered, is on his way to Fredericksberg and Kerrville where he spent his boyhood days. He is a native of Gillespie county.

He revealed that 100 thousand Texans fought in the navy. He will speak in Austin Friday night.

A 5 star collar device he wore at formal surrender ceremonies on the Missouri was given to the hall of fame meuseum. A niche in the hall of fame, first such honor since Sam Houston in 1863 will be given to a bronze statue of Admiral Nimitz.

Deadly Disease Destroys Elm Trees in Midwest

The deadly disease of elms, phloem necrosis, the USDA reports, is destroying fine shade trees in many cities and attacking native growths in the country in parts of the midwest. It has been known for many years but has attracted wide notice only in the last two or three years. The department's research administration says phloem necrosis is not related to the Dutch elm disease, carried by the elm bark beetle, but that it kills trees much more quickly and in the Midwest is more to be feared because the way it spreads has not been discovered. However, it is now known to be a virus disease.

The disease has gone as far west as Kansas, as far east as West Virginia, and as far south as Mississippi. In general, it has not spread north of the 40th parallel except in certain river valleys in which it is known to have advanced 15 to 20 miles north of that line. Peoria, on the Illinois river, is the farthest north known for the phloem disease. Specialists believe that it existed in the region long before its first definitely known appearance in Ohio in 1918.

So far, the pathologists have found that the disease attacks the American elm and its varieties, the Moline, vase and holly-leaf, but the Siberian elm and the English elm are not known to be affected. When an elm has phloem necrosis the leaves turn yellow and drop. The tree may die within a few weeks or may live a year or more. No tree has ever been known to recover from it.

Waxing Heels

Waxing heels and toes of stockings with a bit of candle was routine hose economy long ago in wooden shoe lands of Europe, and it is a practical way to meet stocking problems today. Textile specialists who have put to laboratory tests this old-fashioned custom report that rubbing wax on stockings makes them wear four times as long before holes appear in heels and toes.

Geo. N. Smith Hurt By Drunk Driver; His Car is Wrecked

George N. Smith of Jones Prairie, was seriously hurt and his car almost totally wrecked Monday night on Highway 77 near Ben Arnold when two men in a car crashed his machine on a small bridge.

Mr. Smith said the men were drunk and as they sped away cursed him.

Mr. Smith, an old timer, was badly hurt but is able to be up. His car was almost totally wrecked. He said the men who hit him were speeding and that his car was crashed and thrown into the banister of the bridge.

For some time he could not leave the scene of the wreck but finally help came. Mr. Smith is now looking for the men who crashed him.

Cecil Tindall from San Antonio visited in Cameron Wednesday.

Mrs. Walter Becker was a Cameron visitor Thursday.

Now Move this Scene Abroad

FOUR YEARS AGO—before the Japs hit us at Pearl Harbor—this drawing appeared in an appeal for the U.S.O. It showed our men from the training camps, on the streets of an American city, with nowhere to go and nothing to do with their spare time. In those days, **before** the shooting war, men easily became dejected. The U.S.O. was a Godsend then.

But, now that the shooting is finished, our army faces the same problem—only many times worse.

Change the scene of this drawing from Middletown, U.S.A., to Germany or Japan. And change the boys from green, homesick recruits to tired, heartsick veterans of months of mortal combat. Men doing occupation duty, men still recuperating from wounds. If ever they needed a lift to their spirits, these men need it now.

General Eisenhower is so aware of this problem that he has asked the U.S.O. to quadruple its entertainment program for our men still overseas. Fifteen hundred U.S.O. entertainers are now abroad including 16 complete acting companies. They are playing to two million men every week. But to continue this work on such a huge scale, and to support the hundreds of U.S.O. Club Houses, takes money—your money.

The U.S.O. is one of the principal services of the National War Fund. You support this great fund by giving to yohr local war chest campaign.

Dramatic Story Of Paratroopers At Milam Sunday

With an all-male cast of "action" performers including Errol Flynn who is starred and William Prince. Henry Hull, George Tobias, Dick Erdman, Warner Anderson and many other capable players, Warner Bros'. latest film drama, "Objective, Burma,' opens Sunday at the Milam Theatre.

"Objective Burma" is the action-paced saga of parachute shock troops dropped into the dank Burma jungles long before Allied fighters cracked back at the Jap.

Mrs. Lloyd Everett and son, Bill David and Andrew Stubbs of Fort Worth, Mrs. Fred Foster and Mildred Cryer of Austin were guests of Mr. and Mrs. J. A. Cryer Wednesday.

Mrs. John Lane Baskin, who has been making her home with her parents, Mr. and Mrs. Grady Stidham has accepted a position at McCloskey General Hospital in Temple. Her husband, who is a Doctor in the Navy is in foreign service.

Robert L. Smith has been honorably discharged from the U. S. Coast Guards, after three years of service.

YOEMEN HAVE HARD GO IN DEFEATING GRANGER

It was hard sledding Friday night for the Yoemen although they are still unscored on, taking a non-conference victory over Granger 25 to 0

Granger uncorked surprising strength in the first half but the Yoemen managed two touchdowns but fail of goal.

A new backfield star thrilled the fans. He is E. Laywell, 140 pounder who filled in at the left half slot and piled a lot of yardage, once on a pass interception, he ran 50 yards to the Granger 1 and then carried over on the next play.

Jimmy O'Neill, first string center, was injured and may be out of the game for the season. With Taylor coming up next Friday night gloom was beginning to settle over the Yoemen barracks.

The game Friday night featured blocked punts, both sides yielding their quota.

Springfield for the Granger team was the spark plug. While his passing was not up to pre-game claims he did manage a few good ones but never threatened the Yoemen goal.

The Yoemen scored in every quarter, managed to kick one goal on the third touchdown. The field was heavy and the Yoemen failed of their usual speed.

Breed Bulls for Fight

A bullfight starts long before the fight itself with the breeding of the bull and the training of the bullfighter or "torero." Much time is dedicated to the care and selection of the animal which must be fierce and brave and present certain physical characteristics such as fine hide, upright ears, long tail and small, fine horns. As for the torero he must have "first of all an overwhelming desire to succeed in this field, for the road to fame is one of the hardest and cruelest of any sport. Absolute fearlessness is the most important characteristic of the bullfighter just as it is of the bull. Agility is also indispensable and a knowledge which is gained through many years of close association with bulls. From the small boys who grow up on stock farms generally spring the famous toreadors, who have begun as children to practice with an old blanket. It is as common a sight as marbles in the United States to see small boys playing 'toro on the streets in Mexico."

Vaccines from Eggs

Half a million American hens are now laying eggs to be "half hatched" for conversion into vaccines to fight typhus and influenza. Owners of these specially selected birds get 15 cents a dozen more than for ordinary eggs because of numerous, exacting requirements. For instance, only white eggs are used, thus making detection of contaminating dirt on the shells easier. Also, to promote essential cleanliness and reduce nest breakage, eggs are collected oftener for shipment in trucks heated to maintain incubation temperature. At the laboratory, the embryo is "needled" with the virus inoculation through an aperture in the air-cell end of the egg. The break in the shell is sealed, and the egg returned to the incubator. The virus multiplies and the desired antigen, as well as the infectious material, is produced in the embryo. The infectious qualities are destroyed by chemical treatment before the vaccine is refined.

Roasting Fowl

The temperature at which fowl should be roasted depends upon its size. As the weight of the bird increases, the temperature should be lowered and the length of time for roasting or baking increased.

Chicken and duck are best roasted at 350 degrees F., while 325 degrees F. is recommended for goose and for six- to nine-pound turkeys. The time required for roasting will range from an hour and a half or two hours for a four- to five-pound chicken cooked at 350 degrees F., to eight or nine hours for a twenty-four- to thirty-pound turkey roasted at 250 degrees F. No lower temperature than 250 degrees F. is recommended.

When the fowl is done, the flesh will be slightly shrunken under the skin, and the bird will give or bend slightly when picked up by the end. The thick portion of the flesh of the breast and thigh of a well-done bird will be tender and will not show pink juice when speared carefully with a skewer or a fork.

From where I sit ... by Joe Marsh

"We have only just begun to fight"

We were sitting around Bill Webster's fire the other night, enjoying a mellow glass of beer, and talking—now that the war is over—about what Peace really means.

"I can tell you one thing it doesn't mean," says Bill. "It doesn't mean that we can all relax—and take things easy—and figure we're living in Utopia."

"You're right," Judge Cunningham agrees. "Peace means, among other things, eternal vigilance. Free men are still at war with hatred, prejudice, intolerance—whether it's intolerance of a man's political beliefs, or of his right to choose between a glass of beer or buttermilk."

From where I sit, the Judge is absolutely right. Peace means continued vigilance—continued struggle against all the forces of intolerance that caused the last war, and can sow the seeds of future conflict. Maybe we should paraphrase the slogan of a Revolutionary hero: "We have only just begun to fight."

Joe Marsh

Copyright, 1945, United States Brewers Foundation

Men Enlist for Regular Army Service

Ninety men have enlisted for Regular Army servcie in the last two weeks at Camp Hood, it was announced recently.

Most of the new enlistment took place after the passage of the "Armed Forces Voluntary Recruiting Act of 1945." In addition large numbers of servicemen have shown increased interest in the Regular Army and it is expected even greater numbers will enlist in the future.

Enlisted men may sign up for one year Regular Army service if they have had as much as six months service. Eighteen month and two year enlistments can also be made whether one has had previous service or not.

Mrs. A. J. Bennish is in the Cameron Hospital for treatment.

Bed Sling

When a patient is sitting up, he must be provided with something that will prevent him from slipping down in bed. A bed sling may be merely a pillow tucked under the knees and held in position by a sheet tied behind the head of the bed. One may also use a firm pillow, folded blanket or box near the foot of the bed for the patient to press his feet against.

MRS. LOU MEYERS IS BURIED HERE THURSDAY

Mrs. Margaret Elizabeth Meyers died at her home at 8:35 a. m. Wednesday, October 10, 1945, after an extended illness.

Mrs. Meyers was born May 29, 1862, at Brideport Ill., and came to Milam county in 1880, where she has since made her home. She was preceded by her husband, Lou Meyers, several years ago.

Mrs. Meyers was married to Lou Meyers in 1893, and to this union was born six children, five of whom survive: Miss Lalla Meyers of Cameron, Edna Meyers of Brenham, Mrs. E. J. von Rosenberg of Austin, Mrs. R. G. Carlton of Beaumont and Fred P. Meyers of Arcadia. Calif.

She is also survived by a nephew, William Moran, who has made his home with her since childhood, five grand children, one great grand child, and several nieces and nephews.

Funeral services were conducted by Dr. W. R. Hall of Marlin, at the First Presbyterian Church in Cameron, at 3:00 p. m. Thursday, October 11, 1945.

Interment was made in the Old City Cemetery, with Marek-Burns making the arrangements.

Pall bearers were: Jack Henderson, Dan Tyson, Roger Owen, H. V. von Rosenberg, Alvin Dusek and Leo J. O'Neill.

Fine Hot Rolls Add Zest to Simple Meal

Fine light hot rolls can lift the simplest everyday meal to a "Sunday" level. Of course they must be good hot rolls, and food specialists suggest some rules to follow, whether you use the straight dough method or the sponge method.

If you vary your flour type, using whole wheat, graham, rye or soya flour, it is important to check amounts used. Dough made of these flours should be softer than for white bread; therefore the proportionate amount of flour is less.

In determining desired results, you may wish to sacrifice some of the lightness obtained by using water, to nutritious quality gained by using milk, or you may go all out for a tender, fluffy product by using potato water or mashed potatoes.

Eggs make the dough richer, and give a slightly crisp crust that is somewhat flaky and tender. Sugar and salt are flavor ingredients, and fat improves both flavor and texture. Be sure to use all these ingredients in proper amounts for the best results. Salt retards the rising process; too much sugar promotes toughness, but does help the dough to rise more quickly. Correct temperature is important during the mixing and rising process and should never be higher than 90 degrees F. Use a thermometer if possible; if not, then remember that 80 degrees will feel cool, not warm, to the skin.

Cars Increase

At the end of World War I there were 26 million families in the country and approximately 7 million registered cars. In 1944 there were some 35 million families and 25.5 million registered cars although many were in storage or in the process of being retired.

Faye Bain from Bryan visited Mary Ellen Wimberly over the week end.

Mrs. Bob Griswell and daughter from Yarrellton visited in Cameron Monday.

Lawrence Vrazel, Sr., of Buckholts Rt. 2, visited in Cameron this week.

Mr. and Mrs. Clarence Allison of San Antonio visited relatives and friends in Cameron for several days.

Joye Henderson from Ben Arnold is a patient in the Cameron Hospital with pneumonia.

Mrs. N. R. Laird visited in Cameron Wednesday.

BUY BONDS TO WIN THE PEACE

An Emergency Appeal

From Our Millions Still in Service

YES, the war is over . . . but not the work of several million G.I.'s!

Ask any soldier what "Occupation Duty" means—and he'll tell you it may be the most important job in the army right now, but one of the dreariest ones.

He'll tell you the novelty wears off soon, being in a strange country among strange people. That the Main Drag in Tokyo or Berlin can't compare with Main Street in Topeka or Boston.

There are millions of boys thousands of miles from home who'd give anything to listen to an American song, hear American jokes, or talk to an American girl again.

That's why the U.S.O. cannot and must not quit. Your dollars must keep it going. For if ever those boys needed a lift and a laugh, they need it now!

The need is so urgent that General Eisenhower asked U.S.O. Camp Shows to *quadruple* its activities after V-E Day to take care of the boys in Europe. And similar entertainment plans have been made for our forces in Japan and throughout the lonely Pacific outposts.

But that's not all . . .

U.S.O. Camp Shows also entertain the troops in transit . . . at debarkation and separation centers. U.S.O. Clubs and lounges in the States, Alaska, Hawaii, the Philippines, and many other bases, give the boys "a home away from home." Some 500 U.S.O. Clubs are located near military hospitals . . . and special Camp Shows tour the wards . . . to keep the wounded on the sunny side.

Yes, millions still in service are depending on YOU for a bit of cheer. For a large part of every dollar you give to your local Community Campaign goes to support the U.S.O.

The need is greater than ever. So try to give more than ever, won't you? Show the boys *you* haven't forgotten them!

Give Generously in Victory...to

Your Community War Fund

Mrs. Bill Harvey Honored With Shower

Mrs. Henry Michalka was hostess to a group of friends on Tuesday evening honoring Mrs. Wm. Newton Harvey with a stork shower.

Thirty four guests enjoyed a delightful evening, in the attractive decorated home. Pink and blue yard flowers were used throughout the rooms harmonizing with the large white stork placed in one corner with pink and blue ribbons extending from his bill to the basket of gifts.

Numerous games were played, with prizes awarded to Mary Alice Jackson, Mrs. Hans Garlish and Mrs. W. R. Newton, Sr., for highest score.

Mrs. Hans Garlish, Mrs. Lawrence McClaren and Mrs. Herbert Schroeder assisted Mrs. Michalka in serving a dainty plate of pimento cheese, and tuna fish sandwiches, with white butter cake decorated with pink icing and tiny blue flowers, and punch. Pink and blue napkins were used, with plate favors of small diaper shaped cups pinned with tiny saftey pins, bearing the message "Bit of News," and filled with pastel shades of mints.

Mrs. Harvey was recipient of many beautiful and useful gifts which were admired by her friends. She will be remembered as the former Nancy Newton.

Washing Blankets

Part-wool blankets, which may vary in wool content from 5 to 75 per cent, are washed exactly as all wool blankets are. The binding, if it is particularly dirty, should be scrubbed first with a soft brush and an alkali-free soap, and all soiled spots are removed in the same way.

The blankets should then be washed in lukewarm water and a [illegible] suds of mild soap, using a [illegible] or suction action. Rubbing will cause felting and shrinkage. If you wash blankets in an electric washer, three minutes will be sufficient time to remove the soil. If the blankets are very soiled, rewashing in a second clean suds and lukewarm water is necessary.

Rinse the blankets thoroughly in several waters of the same temperature as that of the wash water. Soap left in the blanket injures the fiber and encourages further soiling.

Cattle Losses

In 1940 there were 4,559 beef carcasses condemned as inedible under federal meat inspection for pericarditis — inflammation of the membrane surrounding the heart. Nearly all of such cases result from wires, nails, etc., entering the heart from the stomach. In 1943 there were 4,327 beef carcasses condemned for pericarditis—a loss of approximately $350,000 for the year. In 1943 there were 616,481 beef livers condemned for abscess under federal inspection, constituting a loss of approximately $1,800,000. From recent observations on 2,042 cattle slaughtered in Chicago and Omaha, metallic objects were found in the stomachs of 679 or 30 per cent of these cattle, and short pieces of baling wire or nails were found penetrating the livers in 387.

Mrs. Connie Nicholson and baby daughter of Austin visited in Cameron Tuesday.

Hugh Powell, who is a patient in the Cameron Hospital, is improving.

Lions Club Sponsors Plunkett Stage Show Beginning October 25

Three nights of vaudeville and variety show are scheduled for Cameron next week, October 25, 26 and 27.

The Plunkett Shows, largely what is termed a family show, has a good road record of long standing and formely provided most of the vaudeville bill with the Harley Sadler troops in 1942.

There are ten brothers and sisters in the family, and most of them will be in the group to be seen here. The company consists of 20 persons and a complete change of program will be offered nightly.

The show will bring its own big tent and a large number of new and comfortable chairs have recently been added to the equipment. The tent will be spread on the Weems lot.

A copy of their ad in this newspaper entitles any lady a free pass when accompanied with one adult admission for their first nights performance.

The show is being sponsored by the Cameron Lions Club.

Thrip Resistant

It has also been found that certain varieties of gladiolus are more susceptible to thrips than others. The glads least affected by thrip are included in the group whose bloom time runs from 75 to 85 days, while the average bloom time for the group most susceptible to thrip is from 95 to 100 days. Giant Nymph has been found to be entirely resistant by some gladiolus growers. Other varieties which do not seem to become infested seriously are: Bit of Heaven, Joyful, Maid of Orleans, Picardy, Polar Ice, Rima. Keep your gladiolus well fed with a complete, balanced plant food, when planting in rows, dig the trench two inches deeper than needed and replace about 1½ inches of loose soil. Then apply plant food at the rate of one pound (equivalent to one pint) per twenty feet of trench. Mix the plant food thoroughly with the loose soil, cover with about one-half inch of soil and set the bulbs in. Feed again at budding time with half the amount, and once more after blooming.

Mighty Peak

Mt. Hood, lifting its hoary head 11,245 feet above sea level, is the highest point in Oregon and queen of the many snow-clad peaks of the verdant, forest-clad Cascade mountains.

Watching like a sentinel over the Columbia river gorge, Mt. Hood is virtually in Portland's back door and is a year around playgound, free and accessible to all. A paved highway leads around the shoulders of the mountain, and combined with the Columbia river highway through the Columbia gorge to Hood river forms the Mt. Hood Loop.

Below its perpetual snow line are deep forests, lakes and streams, alpine meadows abloom with exotic flowers. Pack trails make for delightful summer horseback or hiking trips. The ascent to the summit is not difficult in summer for those of normal health and experienced guides are available for climbing parties.

Capt. Clarence Hewett Talks to Wife From London, England

Mrs. Clarence B. Hewett received a telephone call from her husband, Capt. Clarence B. Hewett, from England on Sunday at 7:00 p. m.

Capt. Hewett, Commander of A Battery, 380th Field Artillery Bn. 102 Infantry Division, at present stationed in Germany with the Army of occupation, was on leave in London when he called his wife.

Mrs. Hewett is the former Miss Ruth Hobson of Cameron and is employed by the War Department as secretary to Col. Earl S. Austen, Director of Supply, at McCloskey General Hospital, Temple.

WEDDING ANNOUNCEMENT

The engagement and approaching marriage of Miss Helen Marie Berberich of Shrevesport, La., to Sgt. Henry Marak of Barksdale Field, Texas, has been announced. The wedding will take place in Shrevesport in November.

The Matron of honor will be the groom's sister, Mrs. Royal P. Jeter of San Antonio, and the brides maids are: Misses Edith Emma and Nita Cotlerina of Shrevesport. Sgt Marak is the son of Mr. and Mrs. John Marak of the Marak community.

Martin Brothers of Burlington Are Home From European Wars

The Martin Brothers of Burlington are home from the Wars in Europe, both having been honorably discharged after long service in the theatres of combat.

Sgt. Edward Martin returns home from Italy where he fought with the 5th army in the bitter campaign of Italy.

S-Sgt. John Martin returns home from Europe where he fought with the First Army, having been honorably discharged.

They are the sons of Mr .and Mrs. Ed Martin, Sr., of Burlington. Both have seen much more than the average of battle sacrifice in the war and the Herald hopes to bring their stories soon.

Mr. and Mrs. Emmett Colburn of Yarrellton visited in Cameron Saturday.

THURSDAY AND FRIDAY,
OCTOBER 18 AND 19

"Affairs of Susan" Shown at Theatre

Previewers are saying the romantic escapades of Joan Fontaine in Paramount's "The Affairs of Susan" has that thing audiences are craving for these days—entertainment with a capital E. It's also got a brand-new Joan. The tragic robes of drama have been discarded for the gay, glamorous trappings of a girl who's out to have a high time of it and, incidentally, snares four men in the process.

"Affairs of Susan," arriving Thursday at the Cameron. theatre gives you the low-down on how Joan manages to get this handsome foursome altar-bound in spite of themselves. It doesn't seem to matter that George Brent, Dennis O'Keefe, Don DeFore and Walter Tbel are completely divergent types. Joan is a woman of many moods and finds it very convenient to have one man for every mood. No less than four times she executes a neat personality about-face which captivates the man of that particular moment, and has each of the quartet completely baffled

Washing Earthenware

To wash earthenware rinse as soon as empty with water the temperature of the dish and set in room temperature surface to cool, before placing in the sink. Never put hot pottery under cold faucet or plunge into cold water, or handle with wet cloth. If you have been cooking a strong-favored food like fish or onions wash earthenware in hot suds, sprinkle utensil and its cover with baking soda. After a little, wipe with absorbent paper toweling, wash and dry.

Charlotte Childress, daughter of Mr. and Mrs. George Childress, will spend the week end at home. Miss Childress is attending her first year of college at San Marcos, and is majoring in Art.

Good Trimmings Essential For Long Dress Wear

The much - chided woman who buys a dress for its "trimmings" may be the wisest shopper after all, in the opinion of Dr. J. F. Oesterling at the Pennsylvania State college. Dr. Oesterling, who has tested thousands of garments in the clothing research laboratory at Penn State, explained that a garment fashioned from excellent material may be ruined if the trimmings don't hold up in laundering or dry cleaning.

As an example, he cited cloth with glued-on designs which melt when heat is applied. Imitation leather belts or ones pasted together frequently stiffen or fall apart when cleaned, he said, adding that genuing leather or solid cloth belts are "the only safe buy."

The clothing expert also urged consumers to examine carefully painted wooden buttons or garments where the trim of one color may fade into the other. All seams, he added, should be deep and firmly stitched.

Lt. Homer Chambers has returned to Camp Robinson, Little Rock, Ark., after visiting relatives in Cameron.

Mrs. Jack Yewell visited with her sister and husband, Mr .and Mrs. Curtis Phipps of Vantura, Calif., before returning to Cameron to visit with her parents, Mr. and Mrs. Walter Senkel.

Get Most From Spinach

Here's how to make the most of spinach when you cook it: Use as little water as possible, have it boiling and salted when you put the spinach in. As a matter of fact, you can cook it without water, if enough clings to the leaves after washing. Cook as short a time as possible, and cover, so the greens will cook more quickly. Serve all the juice with the vegetable or if that makes the vegetable watery, serve the juice in your "vitamin bottle." The juice is a good base for soups or gravies, and adds a new tang to a tomato juice cocktail. It's full of vitamins and minerals, you know.

Mrs. J. C. Hovis is a patient in the Newton Memorial Hospital. She will return to her home Wednesday.

Mr. and Mrs. Erwin Weid are here visiting her mother, Mrs. Huebner, and his parents, Mr. and Mrs. Fritz Weid.

Miss Hariett Weems of Houston visited her parents over the week end.

T5 Jerry L. Hobson was an optician in the Hospital at Burma, India. He has received his honorable discharge from the Army.

Mr. and Mrs. Willie Fulton from Dallas visited her parents, Mr. and Mrs. A. N. Weems, over the week end.
